Re: Dismissal of Charge related to Circumcision

Dear Mr. Willick,

In their letter of 1/25/02, the law firm of Christensen and Auer, substituting for the MEC state the following:

On page 3, 2nd §, line 1 and 2... "The MEC was not made privy to Dr. Shapiro's letter or Dr. Zukow's office records, therefore the MEC could not produce them."

On page 3, 3rd § lines 4 and 5 they state the following: "... The letter is

- p2 -

is not signed by Dr. Shapiro and it appears to be altered. In addition, only selective portions of the office record were submitted."

Lincoln once said that "the problem of liars is that they can not remember all of their lies."

What they forgot is that not only is Dr. IRANI presently a member of the MEC but, he was present on 11/28/00 at my so called "Interview" in front of the MEC that evening as a member of the MEC and an accuser of mine

- p 3 -

since, he is the one who provided the MEC his observations and negative comments regarding the circumcision I performed that same evening during the full hour discussion prior to my authorized presence at that MEC meeting.

Furthermore, Dr. Ironi provided the substance of that written charge without providing me any chance to defend myself that night since, I had no chart made available to me that night. nor did I have any knowledge of that matter.

- p4 -

Contrary to their intentionally misleading statement, Dr. Trani has at all time available to him the chart of that baby in Dr. Zukow's office since they share their practice.

As Dr. Trani is a member of the MEC he has at all time on behalf of the MEC access to his patients' charts and their consultants i.e. Dr. Shapiro's letters.

The MEC has the legal duty to investigate such a serious allegation.

- ps -

that's the responsibility of Dr. Troni
in the case of the charge related to
my Circumcision.

Furthermore, How do the attorneys
of Christensen and Auer know that
Dr. Shapiro's letter was "altered" and that
this represent only a "selective portion
of the office record" if they are supposed-
-ly "not privy to Dr. Shapiro's letter or
Dr. Lukow's office records" ?

The above further supports my
Contention of Willful and flagrant
Obstruction of justice by the MEC

- p 6 -

and the attorneys of TENET (since they are NOT compensated by the Medical Staff of ETRMC but are on a Retainer by TENET)

Accordingly, you MUST Dismiss this charge and all the other charges as well since they are fabricated in the same manner by the same attorneys and Tenet's agents.

Sincerely Yours,

J.P. [Signature]

cc: Medical Staff Office - ETRMC

- p 7 -

P.S.: If you do not dismiss this charge related to my circumcision then, you must order the MEC and their attorneys to produce the original unaltered, signed letters of Dr. Shapiro and the remaining office records.
